GENERAL INSTRUCTIONS

Federal:

Who Must File: All issuers making an offering of securities in reliance on an exemption under Regulation D or Section 4(6), 17 CFR 230.501 et seq. or 15 U.S.C. 77d(6).

When To File: A notice must be filed no later than 15 days after the first sale of securities in the offering. A notice is deemed filed with the U.S. Securities and Exchange Commission (SEC) on the earlier of the date it is received by the SEC at the address given below or, if received at that address after the date on which it is due, on the date it was mailed by United States registered or certified mail to that address.

Where To File: U.S. Securities and Exchange Commission, 450 Fifth Street, N.W., Washington, D.C. 20549.

Copies Required: Five (5) copies of this notice must be filed with the SEC, one of which must be manually signed. Any copies not manually signed must be photocopies of the manually signed copy or bear typed or printed signatures.

Information Required: A new filing must contain all information requested. Amendments need only report the name of the issuer and offering, any changes thereto, the information requested in Part C, and any material changes from the information previously supplied in Parts A and B. Part E and the Appendix need not be filed with the SEC.

Filing Fee: There is no federal filing fee.

State:

This notice shall be used to indicate reliance on the Uniform Limited Offering Exemption (ULOE) for sales of securities in those states that have adopted ULOE and that have adopted this form. Issuers relying on ULOE must file a separate notice with the Securities Administrator in each state where sales are to be, or have been made. If a state requires the payment of a fee as a precondition to the claim for the exemption, a fee in the proper amount shall accompany this form. This notice shall be filed in the appropriate states in accordance with state law. The Appendix to the notice constitutes a part of this notice and must be completed.

ATTENTION

Failure to file notice in the appropriate states will not result in a loss of the federal exemption. Conversely, failure to file the appropriate federal notice will not result in a loss of an available state exemption unless such exemption is predicated on the filing of a federal notice.

Appendix A

Aument Partners, LP is a Delaware limited partnership (the "**Partnership**"). The General Partner of the Partnership is Aument Capital Management, LLC (the "**General Partner**") and will be responsible for the management of the Partnership's portfolio. The Managing Members of the General Partner is Stephen Vettorel. The General Partner will be responsible for managing the investments and the business of the Partnership.

Performance Allocation

At the end of each calendar quarter in which the aggregate net profit of the Partnership exceeds the aggregate net loss of the Partnership, an amount equal to 20% of the excess of net profit over net loss will be allocated to the General Partner (the "**Performance Allocation**"). The General Partner shall also receive a Performance Allocation upon any withdrawal by a Limited Partner, whether the withdrawal is voluntary or involuntary, and upon the dissolution of the Partnership. The General Partner may waive all or any portion of the Performance Allocation with respect to any Limited Partner in any calendar quarter. The General Partner may only receive a Performance Allocation from a Limited Partner that is a "Qualified Client" as defined in Rule 205-3 of the Investment Advisers Act of 1940, as amended.

Net profit of the Partnership means, with respect to a particular calendar quarter, the excess of the aggregate revenue, income and gains (realized and unrealized) earned on an accrual basis by the Partnership during the fiscal quarter from all sources and any reserves released during the calendar quarter over the expenses and losses (realized and unrealized) incurred on an accrual basis by the Partnership during the calendar quarter and any reserves established by the Partnership during the calendar quarter. Net loss of the Partnership means, with respect to a calendar quarter, the excess of all expenses and losses (realized and unrealized) incurred on an accrual basis by the Partnership during the calendar quarter and any reserves established by the Partnership during the calendar quarter over the aggregate revenue, income and gains (realized and unrealized) earned on an accrual basis by the Partnership during the calendar quarter from all sources and any reserves released by the Partnership during the calendar quarter.

The Performance Allocation shall not include any change in the value of a security position held in a Side Pocket Account until such security is reallocated to the Capital Account of the participating Partners.

The General Partner may pay a portion of its Performance Allocation as commissions or other fees to any person in connection with the solicitation of funds, securities or other property for the Partnership.

Loss Carryforward Provision

The Performance Allocation is subject to what is commonly known as a Loss Carryforward or "high water mark". If the Partnership has a net loss in any calendar quarter, this loss will be carried forward as to each Limited Partner to future quarters. "Loss Carryforward" is defined as the amount of net loss charged to a Limited Partner and incurred in one or more prior quarters which has not been made up by subsequent allocations of net profit. If a Limited Partner affects a partial withdrawal, any Loss Carryforward which has not been eliminated will be proportionately reduced based upon the amount withdrawn.

The Loss Carryforward is intended to ensure that the Performance Allocation will be calculated on a "high water mark" basis and prevents the General Partner from receiving a Performance Allocation as to profits that simply are restoring previous losses. Only net profits which constitute new net profits in excess of the highest cumulative level of Net Profits as of the preceding date on which the General Partner last received a Performance Allocation shall be subject to further Performance Allocation.

When the Loss Carryforward has been recovered, the General Partner's Performance Allocation shall be based on the excess profits that exceed the Loss Carryforward amount as to each Limited Partner rather than on all profits.

The Performance Allocation is designed to compensate the General Partner based upon the level of his success meeting the Partnership's investment goals. It may, however, create an incentive for the General Partner to make investments that are more risky or speculative than would be the case in the absence of the Performance Allocation. Further, the General Partner may receive compensation with regard to unrealized appreciation as well as realized gains in the Limited Partner's Capital Account.

Management Fee

In consideration for its management services and pursuant to an Investment Management Agreement with the Partnership, the General Partner will receive a Management Fee from each Limited Partner payable in advance at the rate of 0.167% (2% on an annualized basis) of the Limited Partner's Capital Account as of the beginning of each month. The Management Fee is paid monthly by a deduction from the Limited Partner's Capital Account, unless other payment arrangements are made with the General Partner. The General Partner, in its sole discretion, may choose to waive or reduce the Management Fee for any Limited Partner for a particular period of time.

Expenses

The Partnership shall pay or reimburse the General Partner for all expenses of the Partnership's organization and operation, including, but not limited to, management fees, expenses incurred in investments of the Partnership, legal expenses, accounting expenses, tax related expenses, brokerage commissions, custodial fees, interest on borrowing and necessary filing fees as determined by the General Partner in its sole and absolute discretion. The Partnership intends to amortize the organizational expenses over a period of sixty (60) months from the date that the Partnership commences operations, provided that such capitalization and amortization does not result in the qualification of the Partnership's financial statements, because the General Partner believes such treatment is more equitable than expensing the entire amount of such expenses in the Partnership's first year of operation, as required by U.S. generally accepted accounting principles.

Early Withdrawal Fee

Limited Partners may withdraw all or part of its Capital Account only on April 1 and December 1 of each calendar year upon at least forty five (45) days prior written notice to the General Partner, or at such other times as the General Partner may determine in its sole discretion.

The General Partner may assess a charge in connection with withdrawals of up to 2% of any withdrawal made on a date other than April 1 or December 1 of a particular calendar year (the "Withdrawal Fee"). Any Withdrawal Fees assessed by the General Partner will be payable to the Partnership.

Soft Dollars

Section 28(e) of the Securities Exchange Act of 1934, as amended permits an adviser to pay more than the lowest available commission rate (or "pay up") for research and similar services if the adviser determines, in good faith, that the brokerage rates charged by the broker are reasonable in light of the services provided. The SEC staff has taken the position that the safe harbor afforded by Section 28(e) is not available on a principal basis, with a markup or markdown paid to the broker-dealer (except for certain riskless principal trades in equities) or transactions in futures. Section 28(e) permits the General Partner to obtain research and other products and services that provide lawful and appropriate assistance to the General Partner in carrying out its investment decision-making responsibilities (often referred to as "soft-dollar" arrangements).

All soft dollar arrangements made by the Partnership shall be consistent with Section 28(e) or shall be with respect to services the expenses of which would otherwise be required to be paid by the Partnership pursuant to the Partnership Agreement.

Even if the General Partner remains within the Section 28(e) safe harbor, the General Partner may receive products and services that have both research and non-research uses ("**mixed use items**") only if the General Partner makes a good faith allocation of the value of the non-research products and services it receives and pays for such non-research items in hard dollars.

Although the General Partner believes that the Partnership benefits from many of the products and services obtained with soft dollars generated by Partnership trades, the Partnership does not benefit exclusively. The General Partner also derives a direct or indirect benefit from some or all of these services, particularly to the extent that the General Partner uses soft dollars or commission dollars to pay for the expenses that the General Partner would otherwise be required to pay itself.

Such expenses may include periodicals (Business Week, Financial Times, News Week, The Economist, Barrons, Money Magazine, Forbes, U.S. News, The Wall Street Journal, Investors Business Daily, New York Times amongst others), research subscriptions (Multex, IBES and other similar data sources), quotation services (Bloomberg, Bridge, other financial quotation services, amongst others), research reports from brokers and other independent sources.

The relationships with brokerage firms that provide soft dollar services to the General Partner influence the General Partner's judgment in allocating brokerage business and create a conflict of interest in using the services of those brokers to execute the Partnership's brokerage transactions. The brokerage fees paid by the Partnership benefit the General Partner at the expense of the Partnership to the extent that the soft dollars are used to pay the General Partner's expenses that are not otherwise reimbursable by the Partnership. The General Partner believes that these relationships are beneficial to both the General Partner and the Partnership, but Partnership trades executed through these brokers or any other firm may or may not be the best price otherwise available. Prospective investors who consider such soft dollar practices material to their investment decision should inquire with the General Partner to obtain the most recent information on soft dollar practices.
